

URSULINE ACADEMY

SPONSOR PARTNERSHIP PROGRAM 2022-2023 SCHOOL YEAR

Dear friend of Ursuline Academy,

Last year, we launched a new Sponsor Partnership Program offering the Ursuline community members the opportunity to support our three signature events as well as the Ursuline Fund with one donation. Thanks to your generosity, and that of others, we raised \$80,000 in our inaugural year.

Proceeds provided 236 student athletes with new equipment, uniforms, and an investment in our talented coaching staff. It strengthened our House system allowing us to invest in leadership and community building experiences. It also supported our 30+ clubs and activities ensuring our students have opportunities to explore, discover different interests, and hone new talents outside of the classroom.

Early sponsorship support allows us to immediately invest in the student experience – academically, spiritually, socially, athletically, and artistically – enhancing the experience for students, co-workers, and coaches alike.

The Sponsor Partnership Program also provides the donor with the opportunity to be involved and engaged in school life throughout the year (details on accompanying page). Most importantly, it signals your belief in our mission and the value of an Ursuline education.

Your support is greatly appreciated,
